Hi Allison,

You are correct. I tried to edit the poll to enable the time zone but there was not any way to do so.

From our discussion about new development, it appeared both documents were connected. If this is not true and that the guidance does not deal or address any part of the forestry condition, then we won't discuss it.

Happy weekend.

Jayne

Jayne--

I assume the times are PST? Usually there is an option for me to select EST but that didn't appear to be the case this time. Also, perhaps I'm wrong, but I didn't think the Urban/Rural Residential TMDL guide was intended to be used to address the add MMs for forestry condition at all--just the Urban, new devel one?
